# Sponsorship Information

The goal of CrimsonCode is to create an environment that reflects our mission and values. At CrimsonCode, we aim to cultivate an inclusive environment where participants with diverse backgrounds and perspectives can come to be inspired and innovate.

As such, we enjoy working with those who believe in cultivating such an environment. All of those involved, including our sponsors, play a critical role in making CrimsonCode what it is each and every year. With the help and expertise of our sponsors, we can continue to make CrimsonCode a place for our participants to challenge themselves by dreaming, learning, collaborating, innovating, and advocating as they work on solutions to complex problems.

The sponsorship tiers below have been carefully created to represent what we need in order to make CrimsonCode an event to remember. If the tier system isn't quite for you, we'd like to work with you in order to custom build a tier that is best for your company or organization.

To get started, please email us at crimsoncodeinfo@gmail.com.
